

CUSTOMS & COMPLIANCE

Simplify trade compliance with our team of experienced customs professionals.

A CONSULTATIVE APPROACH

Our customs team is licensed with decades of experience and ready to guide you through the complexities of global trade. Whether you need a helping hand in product classification, questions about regulated segments (FDA, EPA, and ATF) or concerns about the future of your products imports in an ever changing world; we are here to help. Our support empowers you to operate at a global scale.

CONFIDENT CUSTOMS CLEARANCE

Our customs team can support your with the guidance and peace of mind required to clear US customs. Our trade consulting services will help you minimize costly delays, advise on US import requirements, liaise with US customs officials on clients behalf during the entry process.

CLASSIFY YOUR GOODS CORRECTLY

Accurate classification of your goods is critical to avoiding surprises. Our expertise is your first line defense against accidental filings, costly delays, and unnecessary fines. Our experienced team prides ourselves on strong compliance with import regulations and appropriate classifications of goods.

LICENSED CUSTOMS BROKERS

Keeping your shipments moving is our number one priority. Our team of customs brokers are qualified professionals that oversee the important work of classifying your product, reviewing commercial documents, and submitting accurate and timely documents to customs for inspection.

SIMPLIFIED TRADE COMPLIANCE

Customs is one of the most complex aspects of global logistics. Superior planning, production efficiency, and global transport can be swiftly interrupted without the right freight partner for country compliance. Every country has their own specific requirements including documentation, certification, and any other details for smooth entry and release of merchandise.

Our team is devoted to providing each client with the tools, knowledge and know-how to be fully prepared for entry and to help minimize costly delays and obstacles during the entry process.
